

# Fiscal 2010 AAFES Million-Dollar Vendors

The following list, based on information furnished by the Army & Air Force Exchange Service (AAFES), identifies 755 AAFES suppliers doing more than \$1 million in business with the exchange service in fiscal 2010. According to the exchange service, the fiscal 2010 list is based on sales versus finance and accounting payments. This list does not include government agencies, foreign vendors paid in foreign currencies or any payments made manually.

Additionally, in several cases, sales that have on previous lists been credited to brewers, distillers or beverage manufacturers show up on the current list credited to distributors or bottlers. AAFES attributes the differences to consolidation and brand shifts within the industry and confirms

that there has been no change in the way beverages are purchased by the exchange service.

The number of million-dollar companies is exactly the same as it was on the fiscal 2010 list, and the club continues to be an exclusive one. Its membership list is an honor roll testifying to quality merchandise and sustained performance.

In some cases in which each of two or more divisions of a single company did more than \$1 million in business with AAFES, sales from divisions/subsidiaries have been combined into a single total. In others, the divisions are listed separately and are marked with an asterisk (\*).

FY10	FY09	VENDOR NAME	FY10 SALES
