FOOD AND BEVERAGE

Uttam Barua
(210) 466-1293

Headquarters listings include only Command Group and food service-related positions

At presstime, IMCOM was reportedly working out details of a reorganization of 48 installations located in the United States that would consolidate the Atlantic and Central regions, grouping the bases into three directorates based upon overarching mission instead of geography.

The three IMCOM directorates — Support Directorate Readiness, with 16 bases; Support Directorate Training, with 15 bases; and Support Directorate Sustainment, with 17 bases — are to be collocated with, respectively, the Army Forces Command (FORSCOM) at Fort Bragg, N.C.; the Army Training and Doctrine Command (TRADOC) at Fort Eustis, JB Langley-Eustis, Va.; and the Army Materiel Command (AMC) at Redstone Arsenal, Ala.

The reorganization was expected to take place Nov. 1, 2016. Government Food Service will update these listings when IMCOM announces further details.

The Atlantic and Central regions' offices are currently located in the same complex as IMCOM headquarters at 2405 Gun Shed Road on Fort Sam Houston.
