

## OLYMPIC BAR

**I**ron Grip has introduced a new product to its family of premium Olympic bars, the Competition Series Needle Bearing bar. Designed to be suitable for International Weightlifting Federation (IWF) Olympic-style competition, and built exactly to IWF specifications, Iron Grip's new Competition Series Olympic bar has been designed to compete with the best Olympic lifting bars on the market. Made entirely in the USA, in Iron Grip's own on-site facility, this bar offers a unique combination of performance, safety and durability. For more information, call 800-664-4766 or visit [www.iron Grip.com](http://www.iron Grip.com).

## FLOORING

**C**entaur Floor Systems presents its Boflex Sport Floor, the ultimate in a pre-finished, high performance hardwood gymnasium floor system. Utilizing a patented resilient foam channel understructure, Boflex exceeds all the requirements of D.I.N. standards – making it the leader in shock absorption, resilience, performance, and safety. Available in oak, ash and maple hardwoods. For more information call (800) 536-9007 or visit [www.centaurfloors.com](http://www.centaurfloors.com).

## KNEE STRAP

**F**or the past ten years, thousands of individuals have chosen the **Cho-Pat** Dual Action Knee Strap for relief of their knee pain and discomfort caused by overuse, injury, and degeneration. The patented strap uses compression upon the patellar tendons to provide support and stability and improve tracking and elevation. Easy to apply, comfortable to wear, allows full mobility, and the American-made support is available in six sizes for more specific and effective results. Visit [www.cho-pat.com](http://www.cho-pat.com) or call 800-221-1601.

## GYM WIPES

**G**ymWipes, the Industry Leader in equipment cleaning, are specially formulated, pre-moistened wipes designed to quickly, easily and professionally clean workout equipment and surfaces. MegaRoll 1200 count is the newest addition to the GymWipes line. At 1.9 cents per wipe, MegaRoll 1200 is the lowest-cost solution to fulfill the cleanliness needs of fitness facilities. GymWipes are available in Buckets, Refills and a variety of Dispenser and Stands. Visit [www.gymwipes.com](http://www.gymwipes.com) or call 888-977-3726.

## FITNESS

**S**port Supply Group's Champion Elite fitness equipment is designed with the highest standards of safety, durability & reliability in mind. The keystone of the Elite line is its series of Power Racks constructed from seven-gauge

tubing. There are four different rack configurations — each with 1,400 pounds of plate storage, adjustable safety bars, dual grip chin bars and flip up spotter's stands. Combine these with an Elite Multi-Bench that adjusts from flat to 80 degrees for a workout station second to none. Call 972-484-9484 today or visit [www.sportsupplygroup.com](http://www.sportsupplygroup.com).

## CERTIFICATION

**T**he World Natural Sports Organization (WNSO) endorses **National Federation of Professional Trainers (NFPT)** as their athletes' official training and certification organization! WNSO sanctions drug free physique events and provides athletes with unique opportunities through highly publicized competitions held worldwide. The WNSO/NFPT alliance provides athletes with the education and certification they need to be confident in their respective training programs and minimizes the competitive pressure to take performance-enhancing drugs. For more information visit [www.fameworldtour.com/WNSO.html](http://www.fameworldtour.com/WNSO.html) or email [info@nfpt.com](mailto:info@nfpt.com).

## PLAY SURFACING

**S**urface America leads the industry by offering three state-of-the-art playground surfacing systems. PlayBound™ Poured-in-Place, PlayBound Tile and PlayBound TurfTop™ are designed with a resilient shock pad and rubber infill, providing optimal shock absorption. By using the best materials, and more of them, Surface America exceeds all safety standards and offers the industry's longest and strongest warranty. Coast-to-coast installation. Visit [www.surfaceamerica.com](http://www.surfaceamerica.com) for more info.

## FITNESS EQUIPMENT

**S**amson Equipment's #102HHBP is quite simply one of the best ways to incorporate multiple exercises on one unit. Your athletes can perform bench press, incline press, and shoulder press from multiple positions thanks to an easily adjustable bench, coinciding with a smooth sliding rack. The rack slides on Samson Standard Rockwell 70 case hardened rods w/ super 16 lined ball bearings for a smooth action that must be seen to be believed! Check out our Web site for a demonstration video on this one of a kind piece of equipment. For more information call 1-800-472-6766 or visit [www.samsonequipment.com](http://www.samsonequipment.com).
