

Commissary Stores:

Who to See and How to Reach Them

At embassies, consulates, missions and other offices worldwide, U.S. State Department personnel operate employee associations, which offer a wide variety of commissary stores and recreational facilities.

These State Department facilities vary in their size and services, with some carrying a full line of food and other products — similar to military commissaries or exchanges — while others stock only liquor, tobacco products, toiletries and other small items.

Gross revenues for Calendar Year 2018 were \$58,916,214 based on audit reports.

To contact an employee association directly, address correspondence using the following format: Association Manager, U.S. Department of State, 6010 Abu Dhabi Place, Washington, DC 20521-6010 (substitute post's name and four-digit add-on for areas underlined). Please note that envelopes must be individually stamped.
